

# CZUR M3000

## Professional Book Scanner

- 20Mps HD name-brand camera
- Maxime scanning A3 size (11.69 x 16.53 inches)
- Scan speed 30 - 60 pages per minute
- CZUR scanner professional image processing software

# A high quality and affordable digital solution for bound archives and books

- 20 Mps world name-brand High definition camera and sensor technology
- The firstly creatively using 32 bit MIPS CPU to improve scanning speed
- Scanning speed 30 pages for single flat pages and 60 pages for books.
- Single camera and large size for A3 (11.69 x 16.53 inches)
- Specially design for bound documents and books without losing sheets
- Core technology of Developing and copyrighted professional image processing software can flatten curves, remove fingerprints, purify background, correct position and smart paging and cutting automatically
- Support color, seal, grayscale and black&white 4 modes scanning and can be transferred freely
- Batch adding watermarks and cutting pages
- Output to JPG, PDF, TIFF directly
- Integrated OCR technology from ABBYY company and support to output editable documents as Word/searchable PDF/Excel format
- V shaped cradle to make your scanning work in comfortably way
- Support to customize development and bind with other systems through SDK and Twain.

Sensor type: HD CMOS  
 Pixels: 20 Mps  
 Resolution: 5248\*3936  
 Scan media: Book, magazine, files, archives, tickets, certificates, objects and so on  
 Max size: A3 format  
 Prepare time: 0  
 Scan speed: 30-60 pages/min  
 USB port: 2.0 High speed  
 Light source: Nature light + Auxiliary light  
 Sensor: Sensor: 1/2.3" Lens  
 Video output: MJPG, YUV

CPU: 32-bit MIPS, 1Gb DDR3  
 Image format: JPG, PDF, TIFF  
 Device dimension: 517\*502\*421mm (Length\*Width\*Height)  
 Device weight: 4.1KG (net weight)  
 OS support: XP/Win7/Win8/Win10,32bit/64bit  
 Storage: 8GB  
 Power supply: External adapter, input 100-240V, 50/60Hz, output 9V/2A  
 Switch: Hand button, foot pedal  
 PC recommend: CPU: core I5 and above  
 Internal storage: 4G and above  
 Dominant frequency: 32GHZ

411, Galaxy Mall, Opp. Jhansi ki Rani BRTS Bus Stop,  
 Satellite Road, Ahmedabad - 380015, India
